

Prayer Wall Guidelines

Crossroads Community Church reserves the right to edit prayer requests that don't follow these guidelines.

1. As you share personal information, please consider this is a suitable place for public knowledge for yourself, your spouse, your family and anyone else the request pertains to.
2. When posting a request on behalf of another person:
 - Ask permission from the person before posting. If your request is related to an individual's health condition, we ask that you limit the details to their name, condition and specific request. Requests containing too much information will be edited before being approved.
 - Maintain confidentiality. Only include information the person is comfortable communicating publicly. Ask yourself how you would feel if someone else shared this information about you.
3. Remember, God knows our situations and our needs. Sometimes you don't need to broadcast details- simply invite others to join you in asking God for His presence and provision.
4. The Prayer Wall is not a place to vent.

If you have any questions, feel free to call the office at 843-871-2755.
