Spiritual Transformation Romans 12:2 (NKJV)

One of two things is happening to you: You are either being conformed or you are being transformed.

Every person on planet earth is either a conformer or a transformer.

What is a chameleon? A chameleon is an animal that changes color with its surroundings. In other words, it conforms.

The New Testament speaks of two ages:

1. This present age of sinful darkness. (Gal 1:4)
2. The age to come when the Lord Jesus will reign on earth. (Rev. 20)

Why are we not to be conformed to this age? Because this age is coming to an end soon and when it does, everything about this age will crumble to the dust.

The Greek word for transformed speaks of a metamorphosis that is taking place in our lives.

Christianity is not behavior modification.

God does not modify our behavior in order to change us; God changes us in order to modify our behavior.

Why should we want to do the will of God? (v.2c)

1. The will of God is good.
2. The will of God is acceptable.
3. The will of God is perfect.
